Date of birth	20 th September, 1994	
Gender	Male	

Work Experience

Dates	December 2017 - August 2019
Occupation or position held	Technical Support Engineer
Main activities and responsibilities	Handling client queries on a daily basis. KYC verification process and technical troubleshooting on the main product, Acunetix. Support was provided via ticketing system FreshDesk, creating procedures and analysing logs to facilitate troubleshooting. Set up of Integration Demo server to showcase how our product integrates with out-of-the-box solutions such as JIRA, MS TFS, Github and Jenkins for CI/CD. Scheduling remote sessions to work on client environments as well as receiving calls, shift based from 7AM – 11PM CEST. Hosting webinars to showcase the product to existing clientele, potential customers and resellers. I have also shadowed the role of System Administrator for three months during this position until a full time position was filled. Answering directly to the CTO. I have also represented the company at OWASP London 2018 and Blackhat USA 2019.
Name of employer	Acunetix
Dates	June 2017 – December 2017

Occupation or position held	IT Systems Administrator
Main activities and responsibilities	All previous responsibilities were kept. In addition, upkeep and management of WiFi infrastructure, telephone lines, PABX minor configurations and Samsung TV system. Billing and report generation including documentation and purchase orders for IT hardware, software and consumables. Report directly to the General Manager.
Name of employer	AX Hotels Malta
Dates	June 2016 – June 2017
Occupation or position held	Junior IT Systems Administrator
Main activities and responsibilities	Upkeep of IT systems of the hotel environment including server backups, PC installations, mail account creations, maintenance of our menu and revenue centre system, and any other day to day IT issues.
Name of employer	AX Hotels Malta
Dates	July 2015 – July 2015
Occupation or position held	Distributor
Main activities and responsibilities	I was responsible for collecting outdated physical Yellow pages phone directories and redistribute new ones. This task lasted for ten days straight, collecting and handing out directories throughout Malta and Gozo.
Name of employer	Yellow Pages Malta Ltd
Dates	July 2013 – September 2015
Occupation or position held	Pool Attendant
Main activities and responsibilities	Prepare the pool area for customers on a daily basis; deal with complaints and difficult customers without compromising the needs of the company; delegate work to subordinates.
Name of employer	Café del Mar, St Paul's Bay, Malta
Dates	July 2012 – October 2012
Occupation or position held	Kitchen Crew
Main activities and responsibilities	Perform various tasks including preparation, production of restaurant meals and cleaning of kitchen equipment
Name of employer	McDonalds Malta

Education and training

Dates	September 2019 - September 2020
Title of Qualification awarded	MSc in Computer Games Technology
Principal subjects / skills covered	Covering the basic mathematics necessary for graphics and introductory content to Artificial Intelligence (AI), specifically in computer games. A critical understanding of the principles of computer networks as they are applied to the development of various types of networked computer games. Currently developing and evaluating the techniques used to implement networked computer games with a particular emphasis on real-time, fast action games.
Name and type of organisation providing skills and training	University of Abertay
Dates	March 2018 – June 2018
Title of qualification awarded	LPIC-1 Linux Administrator
Principal subjects / skills covered	The LPIC-1 certification validates that you have the ability to perform maintenance tasks on the command line, install and configure a computer running Linux and configure basic networking. These cover system architecture, package management and installation, GNU and Unix commands, Devices and Filesystems. Also covered are shells, scripting, data management, user interfaces, administrative tasks, system services, networking fundamentals and security. Certification obtained on September 2018.
Name and type of organisation providing skills and training	Institute of Computer Education (Malta) Ltd.
Dates	October 2016 – April 2017
Title of qualification awarded	CCNA Routing and Switching
Principal subjects / skills covered	The CCNA Routing and Switching course provided a great insight into the understanding of network operations and design. The course covered basic networking concepts, VLANs configuration and protocols such as HSRP, RIP and OSPF. Furthermore, the routing and device configuration essentials were learnt which consist of static and dynamic routing, ACLs, NAT as well as DHCP. Concepts such as PAT, router on-a-stick, STP and others were also discussed. I have passed the Cisco 200-125 exam in August and obtained the status of Cisco Certified Network Associate.
Name and type of organization providing education and training	Institute of Computer Education (Malta) Ltd.
Dates	October 2013 – October 2016
Title of qualification awarded	B.Sc(Hons) Business and I.T.
Principal subjects / skills covered	My dissertation involved working on a prototype Intrusion Detection/Prevention system that uses honeypot interaction data to create a training file, using supervised machine learning techniques that will be able to classify traffic with a certain percentage of confidence. The aim is to help network administrators take action when the system starts flagging traffic before an attack. This thesis was nominated for the award of Best Dissertation with an eBusiness Theme 2016.
Name and type of organization providing education and training	University of Malta

Dates	February 2015 – June 2015
Title of qualification awarded	MySuccess Game Designer
Principal subjects / skills covered	This Game Designer course had 2 parts. During the first part we used Autodesk Maya where I learnt 3D modelling techniques used in the creation of mobile and PC games. The second part was a Unity3D course where we used the Unity3D game engine to create the actual game. For my course project I created a first person shooter where the player has to escape from a base while avoiding guard robots and security turrets.
Name and type of organization providing education and training	Institute of Computer Education (Malta) Ltd.
Dates	August 2014 – October 2014
Title of qualification awarded	Android Mobile Application Development
Principal subjects / skills covered	Creating a UI on an Android powered device; responding to UI events and changes in state; launching activities using Intents; getting feed from an RSS; storage using preferences and SQLite; creating menus and dialogs
Name and type of organisation providing education and training	Institute of Computer Education (Malta) Ltd.
Dates	September 2010 – March 2012

Personal skills and competences

Mother tongue **Maltese**
 Other language(s) **English, Italian, French**

Self-assessment

	Understanding		Speaking		Writing
	Listening	Reading	Spoken interaction	Spoken production	
English	Very Good	Very Good	Good	Good	Good
Italian	Good	Very Good	Basic	Basic	Good
French	Good	Good	Basic	Basic	Good

Social skills and competences

Good organisational ability – I organised several social activities for my peers during secondary and sixth form years.

I was a member of The Legion of Mary international catholic association for seven years. Additionally, I was given the position of treasurer for one year and also the position of secretary for another year in Mosta Legion.

Organisational skills and competences

Voluntary Work – several visits to Pax et Bonum home for the elderly in Mosta
 Mater Dei visits at the Children's Outpatients for two months

Diverbo Student Exchange – 2013

This three week summer camp involved interacting with Spanish students to help them learn the English language. We participated in group activities and I was involved in the organisation of outdoor events.

Computer skills and competences

I am able to use any word processing software. Moreover, during the I.T courses mentioned above, I learnt how to use Adobe Photoshop, CSS, HTML5, Adobe Flash, Adobe Dreamweaver, PHP, Java, C, JavaScript and was also able to develop a simple 2D game using Unity3D game engine. I also possess an ECDL certificate.

I have also designed and developed a website which can be found at www.myshoppingcart.com.mt.

Other skills and competences

I enjoy fishing as well as organising and competing in football, basketball and volleyball tournaments. I have organised events for my peers in the past few years and as a tradition I am responsible for organising the yearly Christmas event between friends.

In 2016, I attended Gamescom, a one week long games exhibition in Cologne, Germany. I had the opportunity to meet with industry game developers and trying out the most recent gaming prototypes, including games on VR platforms such as Space Pirate Trainer for the HTC Vive. Looking forward to go again soon!
